Grease	

Resilience^{SR} represents the latest in technology in Faux Leather and Vinyl Protection, enhancing performance where it is needed the most:

Stain Resistance: With proper care, materials treated with **Resilience^{SR}** can be easily cleaned and will guard against stain maintaining the desired surface appearance for years to come.

Anti-Microbial & Anti-Bacterial Protection: Products treated with **Resilience^{SR}** are engineered to inhibit bacterial growth, as well as fungus, mold and spores, resulting in a more hygienic environment.

Abrasion Resistance: **Resilience^{SR}** provides additional wear properties and surface durability to any Vinyl or Faux Leather, thereby increasing the life of the material.

Resilience^{SR} is not visible, and does not affect the hand of the material, **Resilience^{SR}** is engineered to last, even after repeated cleaning and wear. Specify **Resilience^{SR}** for the most demanding healthcare and hospitality applications.

NOTE: The use of commercial vinyl conditioners and protectants is NOT RECOMMENDED.

The information in this cleaning guide refers to performance in specific tests conducted under laboratory conditions. This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and referenced cleaning agents.
