LEGENDARY 003

Composition:	100% Post Consumer Recycled Solution-dyed Polyester
Backing:	Fused Polyester
Width:	63"
Weight:	25 oz/yd
Roll Size:	30 yards
Thickness:	3.5 mm
Type:	Felt
Pill Resistance:	Class 3.0 per ASTM D3511
Abrasion Resistance:	40,000 Cycles Martindale
Flammability Test:	CAN/ULC S102 ASTM E84 California Technical Bulletin 117
Cleaning Code:	W & BC
Finish:	Fosshield Antimicrobial Technology
Uses:	Vertical Surfaces Upholstery Tack Boards Desk Accessories Office Partitions Chair Rails

Phelt adds a true architectural design element with colours that are bold and exciting. Building off our environmental stewardship story, Phelt is a non-woven product extension with a new perspective, and fresh relevance for the design community. Sustainable and creative with endless design opportunities.

- Polyester staple fiber. High Strength fibers which are resistant to shrinking and stretching. Highly durable
- 100% recycled content: 95% Post-consumer from water and soda bottles.
- Fossheild antimicrobial technology Silver & copper ions are incorporated into the polyester fiber.
- Easy to clean and maintain
- Velcro compatible, pill resistant
- Fiber does not absorb moisture
- Solution-dyed. Resists sun, fading – colours fast to most destructive agents.
- Acoustical qualities: NCR rating 0.2 over Gypsum board per ASTM C423
