NETZERO

Composition:	100% Polyurethane Polycarbonate
Backing:	100% Polyester
Width:	54"
Weight:	22.05 oz/yd
Type:	Water-based Polymer Faux Leather
Finish:	NetZero
Abrasion Resistance:	Wyzenbeek 250,000 Double Rubs
Hydrolysis:	15 weeks ISO 5423:1992 E
Flammability Test:	California Technical Bulletin 117-2013 NFPA 260 UFAC Class I IMO A.652(16)8.2 FMVSS/CMVSS #302

Cleaning Code: WS & BC – Bleach cleanable

Care and Cleaning: **Ordinary dirt and smudges** are removed with a mild soap and water solution and a soft cotton cloth; dry with a clean, soft cotton cloth.

Difficult stains spray Isopropyl Alcohol (70%) on the stained surface, wait 10-20 seconds and wipe the dirt with a clean, lint-free cloth. Spray water on the cleaned surface and wipe with a clean, dry cotton cloth. Repeat to remove the residual chemical cleaners on the surface.

Quickly cleaning spills will help minimize stains.

Disinfect with a solution of 10:1 parts water to bleach on upholstery surfaces. Wipe the area with a cloth and clean water, and dry thoroughly with a soft lint-free cloth.

Reduced Environmental Impact

Phthalate-free
No organic solvents
No heavy metals
No DMF or DMFA
No PFAS, PFOA, or formaldehyde
No anti-microbial additives

No added Flame-Retardant chemicals – AB2998 Compliant
Prop 65 compliant, LBC Red List compliant, Cal 01350 VOC compliant
REACH and RoHS compliant
